

## STUDIO PROFILE

The studio produces work informed by an explicitly environmental agenda. The work creatively synthesises attitudes and technologies into an aesthetic habitat and way of life. The studio has over 150 projects to its credit and its projects have been published and exhibited around the world. Three of their projects have been nominated for the Aga Khan Award.

The studio was founded in 1981 as a partnership firm based in New Delhi. Since then, the studio has handled a wide variety of interesting and challenging projects, in diverse social, economic and geographical contexts.
